(A National School Education Board)

No. BSB/CE/REGN/IX_XI/2026-27

Dated: 23.07.2026

CIRCULAR

The Principal/Manager,
All the School affiliated to
Bhartiya Shiksha Board (BSB),
Haridwar, Uttarakhand

Subject: Submission of Registration Data of Candidates for Classes IX and XI for the session 2026-27.

Madam/Sir,

Registration of students in Classes IX and XI is an incredibly significant process that helps the Board in advance planning for holding the Class X and XII Board examinations of these students in the forthcoming year. Another important aspect of registration is to communicate the students' personal particulars to the parents so that in case there is any mistake in the personal details of the student concerned the same may be corrected immediately. This helps in eliminating future problems and to verify subject combinations & ensuring compliance with the Scheme of studies and Examination Bye-laws of Board. The registration process shall start as per the schedule given at **Annexure-A**. The registration of candidates of Class IX and XI will be done through the Online portal of the Board. The portal will be made live on the website of Board and a link of the same will be sent separately to the schools on their E-mail in due course of time.

As submission of the Registration Data **by adhering to the schedule is very important**, the schools are therefore requested to plan timely submission of data of the candidates. Apart from following the schedule, it is also important that the data filled in is accurate and error free.

➤ **Following actions are to be taken with utmost care while registration of Class IX and XI students on the Portal:**

1. This circular contains important instructions for registration process. Unless these instructions are understood, the schools may not be able to complete the registration accurately. Therefore, the Principals may convene a meeting of the officials/teachers entrusted with the responsibility of completing the registration process. The circular should be discussed in detail during the meeting, and the registration data should be submitted only after ensuring proper understanding and strict compliance with the instructions contained herein.

The following actions are to be taken for the registration of students in Class IX and Class XI. There are various information/data, required for registration of candidates and without understanding it carefully, schools will not be able to register the students. It is therefore requested that:

- A.** The Principal of the Schools may convene the meeting with following to understand the instructions of the circular:
 - (i) Class Teachers collecting data of their students.
 - (ii) Any other official(s) involved in registration process
 - (iii) Official responsible for uploading data on the Portal
 - (iv) Main official responsible for the registration process
 - (v) Any other official as per the requirements of the school
- B.** A briefing meeting may also be convened with the students of Classes IX and XI to elaborate:
 - (i) the importance of submission of the correct data for registration.
 - (ii) the importance of submission of correct subject names in the registration.
 - (iii) the roles and responsibilities of the students and their parents in the submission of correct data and correct subjects in the registration.
 - (iv) the consequences of wrong submission of data in registration.
- C.** A communication, about the importance of submission of correct data of the students, correct subjects offered, consequences of the mistakes committed and the role and responsibility of the parents in the accurate submission of the data in registration be sent to the parent.
- 2.** Only those students shall be allowed to appear in **Class X and XII Board Examinations of session 2027-28**, whose names will be submitted through the process of submission of registration data explained in this circular.
- 3. Principals/Schools should ensure that: -**
 - A.** Students sponsored are their own regular and bonafide students only.
 - B.** No bonafide student's name is left unregistered.
 - C.** Students are not from any unauthorized/unaffiliated schools.
 - D.** Students are regularly attending classes in your school.
 - E.** Students are not registered with any other School Education Board in addition to BSB.
 - F.** Students are eligible for admission in Classes IX & XI and will appear in Class X and XII Board's Examinations in the subsequent year as per provisions of Examination Bye-Laws.
 - G.** In the case of students of Class-XI, it may be specifically ensured that:
 - (i) The students have passed and cleared all subjects/papers of their Class - X examination and declared pass by the concerned Board.
 - (ii) The students have passed their Class-X examination from a recognized School Education Board only.

In this context, your attention is invited to provisions of para 14.2 of the Boards' Affiliation Bye-laws-2023, which are as follows: -

14.2. BOARD'S EXAMINATIONS:

It is mandatory for every affiliated school to follow the Examination Bye-laws of the Board mutatis mutandis.

- 14.2.1. Every affiliated school shall present a list of number of students and their particulars in respect of Classes IX, X, XI & XII at the time of beginning of an academic session in the manner prescribed by the Board.*
 - 14.2.2. No affiliated school shall present the candidates to the Board's examination who are not on its rolls.*
 - 14.2.3. No affiliated school shall present the candidates to the Board's examination who are enrolled in an unaffiliated School/Branch.*
 - 14.2.4. No affiliated school shall present the candidates to the Board's examination who are on its roll but have not attended the school regularly or do not meet the requirement of minimum attendance for appearance in the Board's examination.*
 - 14.2.5. Every affiliated school shall sponsor regularly its bona-fide and eligible students in Boards Class X and Class XII examinations from the year mentioned while granting affiliation/upgradation regularly without break or inform with reasons thereof in writing well in time about the non-sponsoring of the candidates.*
 - 14.2.6. The school affiliated to the Board shall not send candidates for examination of any other Board/University. It shall prepare candidates for the Middle, Secondary and Senior Secondary examinations of the BHARTIYA SHIKSHA BOARD only.*
4. All schools need to ensure that the rules and Bye-laws of the BSB are being adhered to in letter and spirit for submission of the Registration data of the candidates, availability of classrooms, and the teachers. Only 40 students are allowed in one section, and the section teacher ratio is 1: 1.5. Further, the number of sections cannot exceed the number permitted by the Board.
- However, section strength of up to 45 students per section has been permitted by the Board, on account of (i) transfer of the parents from one station to another the students are likely to join in a class in mid-session and (ii) students who fall under compartment category. However, this exception shall be available on a case-to-case basis for which the school shall apply to the Controller of Examination.
5. The category of CWSN students shall be carefully selected and submitted in the Registration data to ensure that applicable relaxations during the conduct of examinations can be provided to these students.
6. As per Clause 6.1 (a) (iii) of Examination Bye-laws of the Board, the school shall ensure that the student satisfies the requirements of age limits (minimum and maximum) as determined by the **Central/State/U.T. Government** and applicable to the place where the School is located

FEATURES OF ONLINE SYSTEM FOR SUBMISSION OF REGISTRATION DATA

7. Schools are requested to fill in the names of the candidate and Parent/guardian correctly to avoid problems for the students in the future. The schools shall take all possible care to ensure that the correct name and date of birth have been entered. This may be informed to the parents.
8. Class IX and Class XI examinations must be conducted internally by the schools.
9. Schools can complete the registration process by individually.
10. Schools shall have to upload the photographs of their bonafide students of Class IX and XI registration before final submission. The correct procedure for uploading the photographs is mentioned in **Annexure-B**.
11. Many organizations and States are awarding scholarships based on the financial status of the students. Accordingly, information about the annual income of the parent(s) may be collected as given by them. Schools should not demand ITR/other income proof etc. from parents.
12. Details of all students should be submitted only in one lot. Partial submission of data will not be allowed. This means thereby, only one list of the students will be accepted in each slot.
13. After submission of registration data, no request for change of subject, admission in Classes IX and XI (except on transfer cases) and concessions for CWSN shall be considered by the Board.
14. Schools may upload the data as per their convenience within the given schedule only. They can upload the data on several occasions and save it. However, they need to submit the data on or before the last date along with the payment of fee. No change will be allowed after the submission of data.
15. In the event of any difficulty faced in filling up of Registration data on portal, **Mr. Rajat Kumar, Assistant Manager (Examination)** may be contacted on mobile no. +91-9999347488 and email id rajat.kumar@bsb.org.in.

EFFORTS FOR CORRECT SUBMISSION OF DATA

16. It has been observed that students after passing Class X and Class XII are making requests to the BSB to make the corrections/changes in their personal data viz their name, date of birth, name of the mother's and father's and to issue revised educational documents. Their requests are found to be based on several excuses. These requests are quite difficult to accept by the schools as well as by the BSB as these could lead to the creation of a new identity which may lead to legal complications.

School will not change any record of any student available with the school, once the data has been submitted to BSB on the Portal. Similarly, the data of students for class XI shall

School will not change any record of any student available with the school, once the data has been submitted to BSB on the Portal. Similarly, the data of students for class XI shall be strictly as per their Class-X certificate and shall not be changed, once their data has been submitted on the Portal, without the approval of BSB

Schools are required to brief and guide the students about the importance of correct data and precautions to be taken by them while getting themselves registered in BSB in Class-IX. BSB is also making efforts and several checks are incorporated in the system so that the data of all the students is 100% correct and no request is received by the BSB for correction of data. The measures to be taken are:

- (a) **Bring to the notice of the students that the correct data is to be provided for registration.**
- (b) **Registration details will be provided by the schools to the students and the parents in the form of a registration card to confirm the correctness of the details.**
- (c) **The list of Candidates (LOC) will be based on the data provided in the registration record.**

Accordingly, schools are requested to guide the students and their parents in the following manner:

- (a) Students must give the expanded name of self and Father/Mother/ Guardian. It is advisable not to give abbreviations.
- (b) May check that their data is similar in all the documents like Date of Birth Certificate, School records, Aadhaar/Passport etc.
- (c) They will anticipate the requirement of the surname as when visiting abroad, it may be required by the visiting country to have both first name and Surname.
- (d) Their Date of Birth is as per the Date of Birth certificate and as per school record.
- (e) Students should describe their name in full i.e., no abbreviated form shall be given.
- (f) No salutations shall be added to the name(s).

While submitting data, schools will be responsible for ensuring the following:

The spelling of the name of the student/mother/father/Guardian is correct and is as per the Admission & Withdrawal Register maintained by the school. It may be ensured that the **full name of the candidate/mother's/father's/guardian's** be filled in to avoid corrections in the future and avoid hardship to the candidate. Abbreviations should not be used.

17. The date of Birth must be filled correct as per the Admission & Withdrawal Register maintained by the school.

Subject codes should be chosen carefully, especially in the following subjects:

- (a) In Class - IX (List enclosed as per Annexure-D)**

English Language and Literature (025),

Hindi Course - A (001), Hindi Course - B (002).

Sanskrit Course - A (003), Sanskrit Course - B (004).

Rajiv Singh
23/7/2026

Mathematics and Computing (032), Science (033), Social Science (034)
Information Technology (054) etc.

(b) In Class – XI (List enclosed as per Annexure-F)

Hindi (101), English (123), Sanskrit Course-A (102), Sanskrit Course-B (135),
Mathematics and Computing (175), Physics (172), Chemistry (173), Biology (174) etc.

COMMON MISTAKES COMMITTED BY THIS SCHOOLS

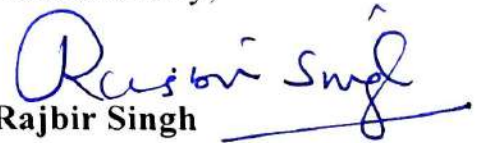

- (i) Submitting incorrect data and subjects of the students
- (ii) Not registering students at all
- (iii) Providing admission to a Class VIII failed student in Class IX and Class X failed student in Class XI
- (iv) Providing admission to a student in Class XI who has passed Class X from an unrecognized/fake Board
- (v) Interchanging day and month in the date of birth
- (vi) Data of the two same-name students is submitted wrongly.

SYLLABUS AND SCHEME OF STUDIES

The Board has prescribed a scheme of studies for Secondary and Senior Secondary classes (**enclosed at Annexures C and E**). Schools are required to offer the subjects in accordance with the Scheme of Studies only.

It is expected that the schools will read the guidelines carefully, collect the correct data of the students and submit the same to the Board. Their efforts in submitting correct data will help in providing correct subject Question Papers to the candidates & also in providing documents with correct particulars which will also reduce the cases of corrections in the personal data of the candidates after declaration of results.

Yours faithfully,

Rajbir Singh
